

*PLEDGE 1976*

# I AM THE NATION

*I was born July 4, 1776, and the Declaration of Independence is my birth certificate. I am many things and many people. I am the nation.*

*I am the Brooklyn Bridge, the wheat lands of Kansas and the granite hills of Vermont. I am the coalfields of the Virginias and Pennsylvania, the fertile lands of the West, the Golden Gate and the Grand Canyon.*

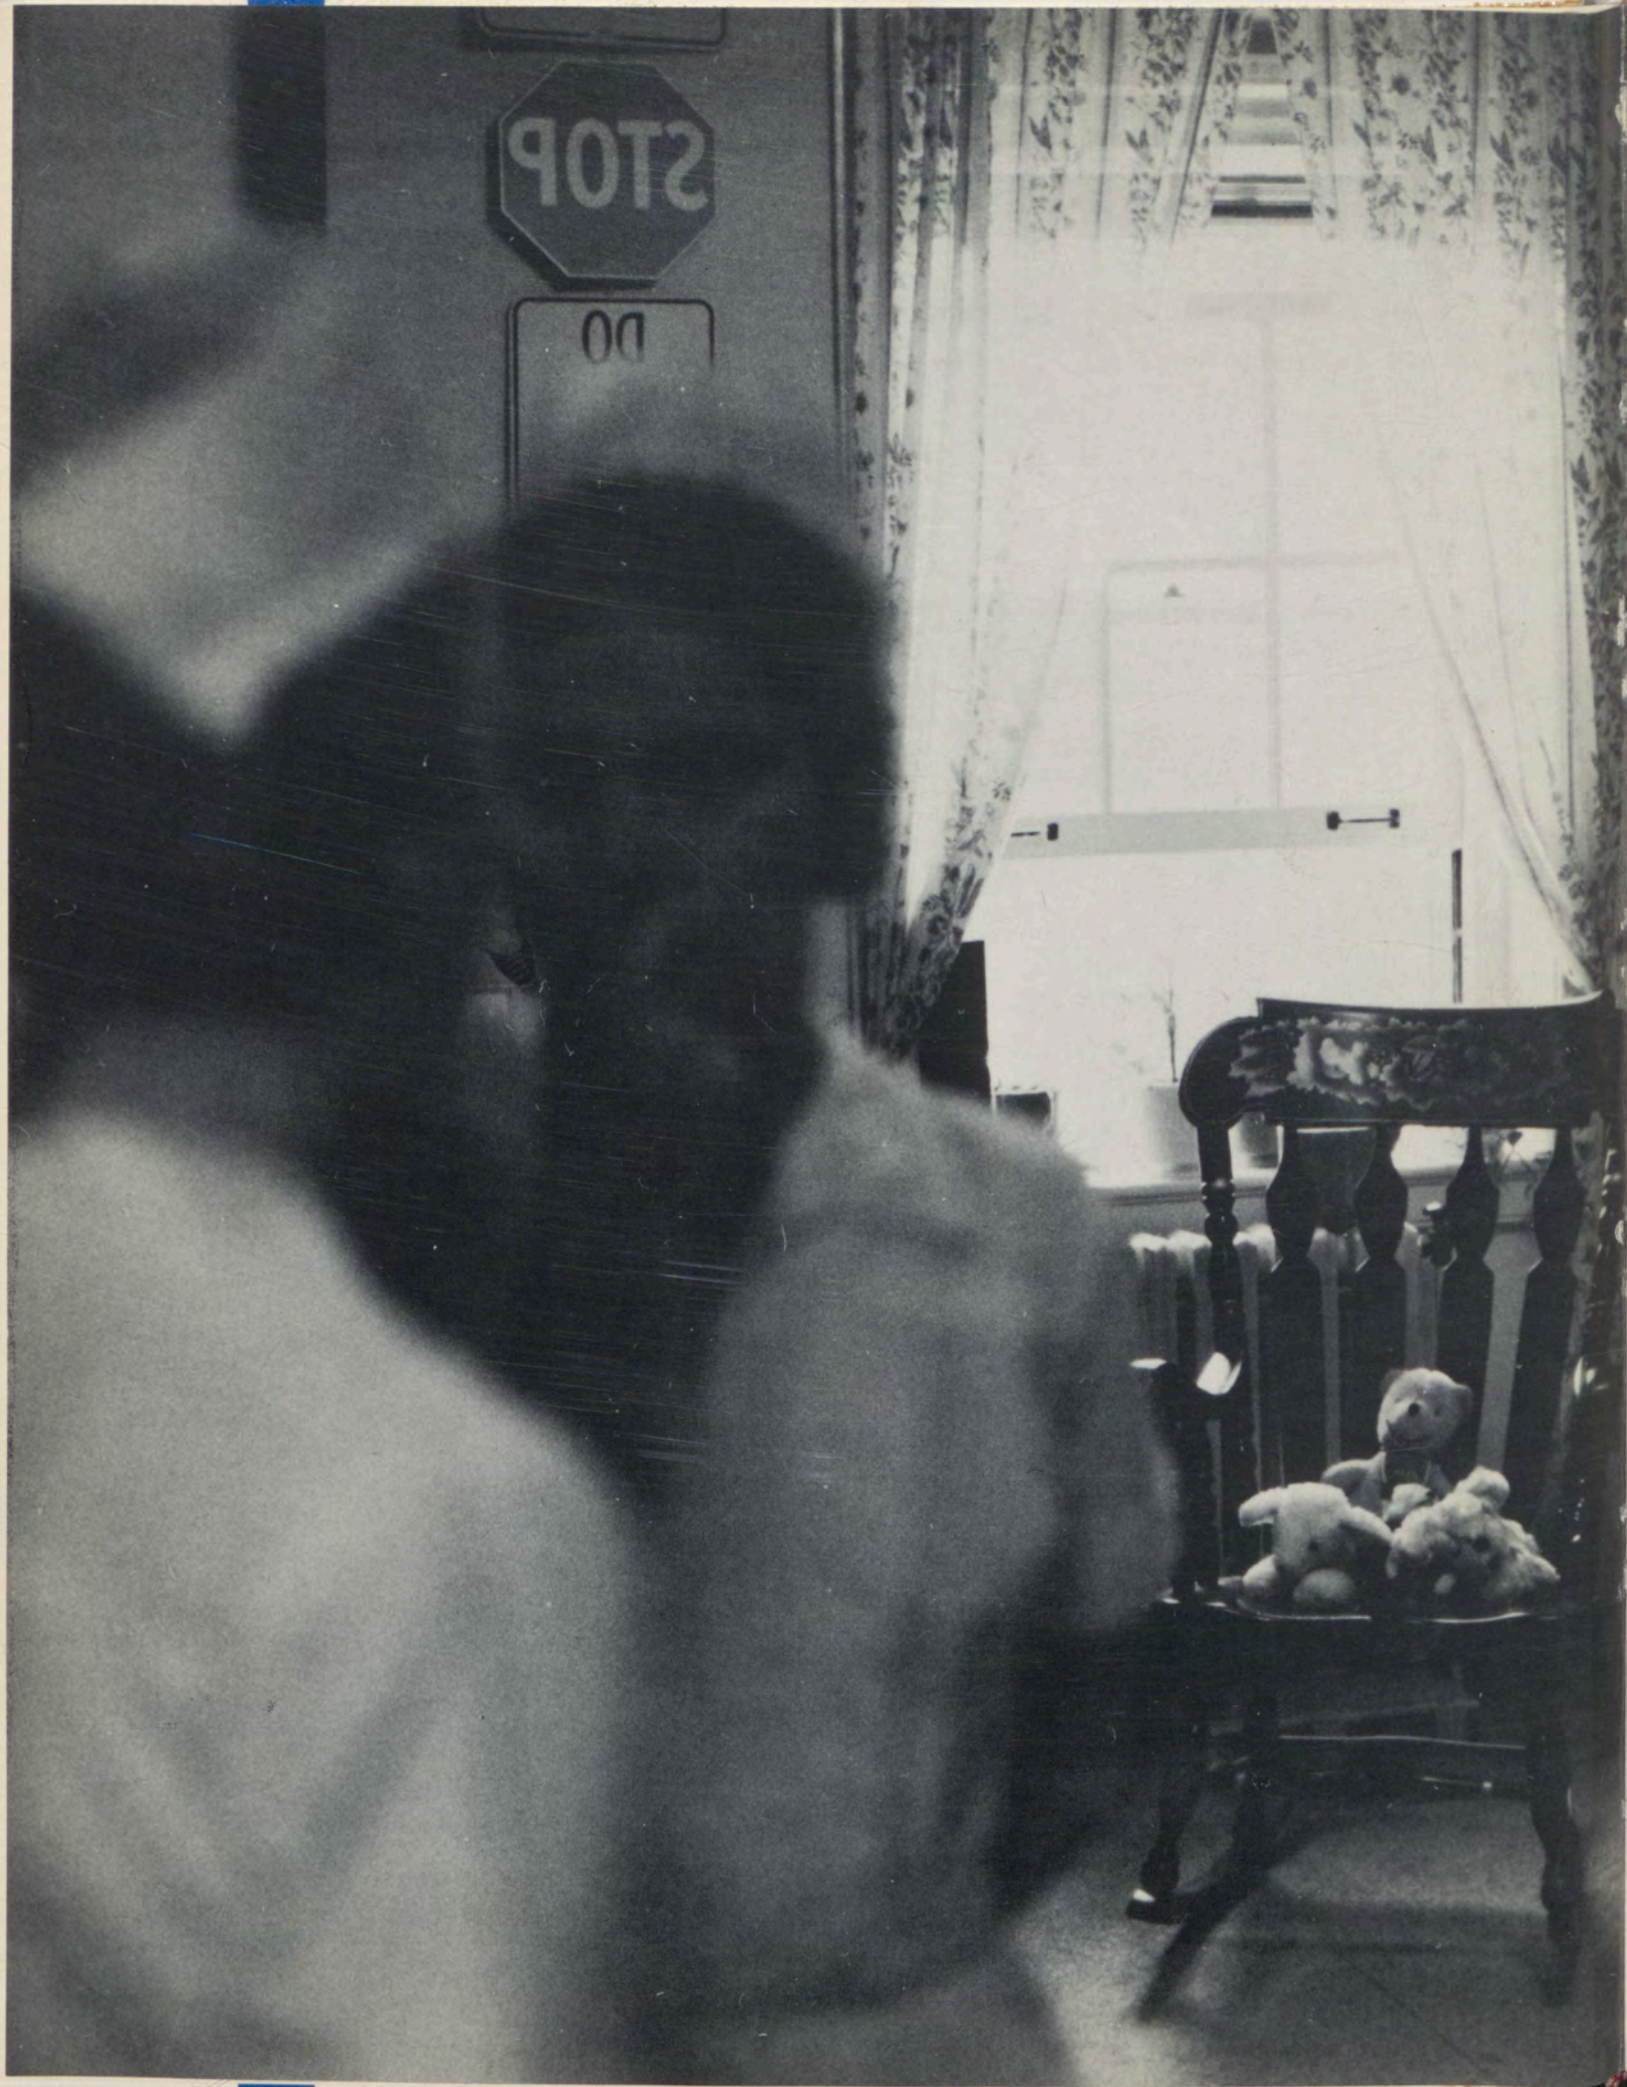

*I sprawl from the Atlantic to the Pacific, my arms reach out to embrace Alaska and Hawaii . . . three million square miles throbbing with industry. I am forest, field, mountain and desert. I am quiet villages . . . and cities that never sleep.*

*I am Nathan Hale and Paul Revere. I stood at Lexington and fired the shot heard round the world. I am Washington, Jefferson, and Patrick Henry. I am Lee and Grant and Abe Lincoln.*

*I am Ben Franklin and Betsy Ross. I am Babe Ruth and the World Series. I am schools, colleges, and churches. I am a ballot dropped in a box, the roar of a crowd in a stadium and the voice of a choir in a cathedral.*

*But I am more. I am freedom and I offer each and every one of you the opportunities to take calculated risks; to dream and to build, to fail and to succeed. I leave you to discover the challenges of life over a guaranteed existence; the thrill of fulfillment over the stale calm of utopia. It is your heritage to stand erect, proud, and unafraid. As it has always been, change and the challenges of change are both your legacy and inspiration.*

*Dear World,*

*I'm on my way towards a new adventure. It's going to be strange and different, and I'm a little frightened. For, you see, up til now I've had the comfort of my schools, my family or my teachers who have given me guidance, support, and inspiration. Soon, things will be different. I shall travel more on my own. My journey will require strong inner faith, love, and courage to appreciate life's beauties and to seek its endless challenges.*

*So, world, help me discover what I must know. Give me quiet times to ponder the eternal mystery of flowers in the sun, birds in the sky, all the earth's small creatures. Help me learn from the tenacious ivy climbing the mighty oak.*

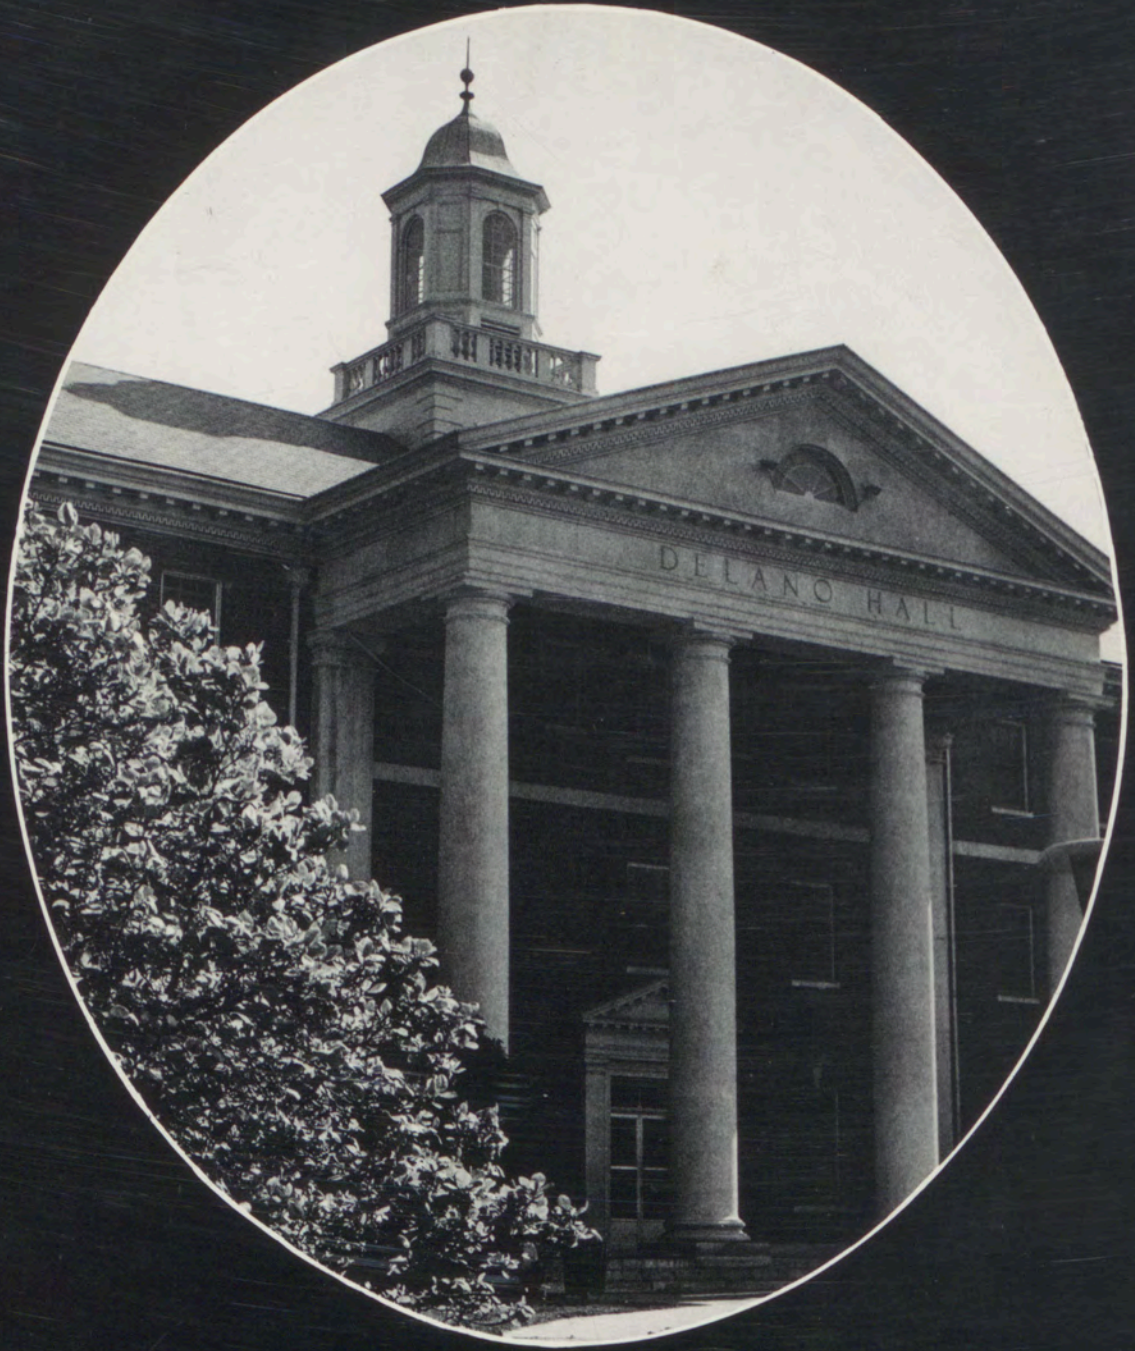

*Help me remember the wonder of books, the deeds of past heroes, the words of philosophers.*

*Help me to think and act for myself, to have faith in my own ideas, to be assertive when I think I'm right, to keep sight of my dreams.*

*Help me, world, in all of these that I may find inspiration and fulfillment in the challenge of change.*

## 76 DAY PARTY

### *The unanimous Declaration of Independence*

*We, the Spirit of '76, in order to form a more perfect health-illness continuum, promote health, insure the patient's tranquility (not to mention our own), provide for the common defense mechanisms, promote the General's welfare, and secure the blessings of the chaplain to ourselves and our posterity, do ordain and establish this declaration for the united Class of '76.*

*When in the course of the nursing process it becomes necessary for the Spirit of '76 to assess, plan, implement, and evaluate the administrative bonds which have connected them with the Army, Joyce Travelbee, and Erik Erikson, and to assume among the powers of the earth the separate and equal duty stations to which the laws of the Academy of Health Science and of nature's God entitle them. We hold our Basic Working Papers to be self-evident, that all PFC's are created equal, and that they are endowed by their team leaders with certain unalienable rights, that among these are life, liberty, and pursuit of bedpan.*

*In furtherance, we shall devoutly strive for a high level of wellness, based on the parameters of dynamic equilibrium, with complete recognition of bio-psycho-social goals and set factors of our clients. Therefore, with a non-judgmental attitude, the Spirit of '76 shall form multitudes of therapeutic relationships, which shall bespeak throughout the earth.*
